

**“How can we find out about what is above the clouds?”**

**We will be learning about rockets and spaceships.**

**We will make our own and experiment with them.**

**“Which is your favourite way to fly?”**

**We will be learning about different ways of flying both real and imaginary.**

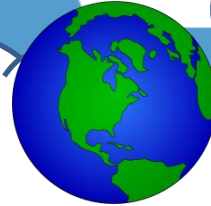

**We will be making models that fly to see which one goes the furthest and which one is in the air for the longest.**

**FS2**

**Autumn Term 2016**

**“The World in Motion”**

**“Why do wheels have to be round?”**

**We will be learning about how we travel around on land.**

**We will be making our own cars ready for our parent event – The Great Race**

**“How do pirates find their treasure?”**

**We will be learning about how to travel across the sea, pirates, floating and sinking.**

**We will be making our own boats.**
