

## “Why is the world in continual motion?”

In English we will be reading and writing a range of stories, reports and poems.

We will have fun performing our own poems.

In Maths we will be covering; Mental Maths Strategies, Place Value, Addition, Subtraction, Multiplication and Division, Fractions and Problem Solving.

We will apply these skills when we create our own market stall.

In Science we will investigate plants and what they need to grow. We will explore the needs of animals including humans as well as exploring light and shadows.

In PSHCE we will explore how we can look after our planet.

In outdoor education, we will grow our own food.

In Art we will use fabrics to make a collage. In DT we will create a range of foods and goods to sell on our stall.

In History we will investigate the origins of the Fair Trade movement.

In Geography we will explore where our food comes from. How many countries can you find that provide your breakfast?

**The End Result: We will create our own market stall for parents and carers to attend.**
